

# Work Meeting

## The NEW INERA EQUIPMENT – a basis for the future collaboration between the scientists in Bulgarian and European Research Areas

*7 December, 2015,  
Sofia, Best Western Hotel EXPO*

INERA Project Coordinator: Academician A. G. Petrov

INERA Project Financial and Administrative Manager: Prof. K. Blagoev

### RESEARCH & WORK GROUPS

**WG1** – Graphene and carbon  
nanotubes: growth and implementation

**WG2** – Magnetoelectric single crystals  
and magnetron-sputtered thin films  
structures and their implementation

**WG3** – Smart window- electrochromic  
devices and electrochemical splitting of  
water

**WG4** – Nanomembrane and liquid  
crystal nanostructures: research and  
applications

**WG5** – Lasers and laser assisted  
annealing of nanostructures

### INERA EQUIPMENT
